

# Package ‘eoPredData’

April 24, 2025

**Title** ExperimentHub package containing model data for predicting preeclampsia status for based on plcaental DNA methylation profile

**Version** 1.3.0

**Date** 2023-04-01

**Description** Provides access to eoPred pretrained model hosted on ExperimentHub. Model was trained on placental DNA methylation preeclampsia samples using mixOmics splsda. There are two resources: 1. the model object, and 2. a testing data set used to demonstrate the function.
