

Package ‘bladderbatch’

April 24, 2025

Title Bladder gene expression data illustrating batch effects

Version 1.46.0

Author Jeffrey T. Leek <jleek@jhsph.edu>

Description This package contains microarray gene expression data on 57 bladder samples from 5 batches. The data are used as an illustrative example for the sva package.

bladderEset	<i>Bladder Gene Expression Data Illustrating Batch Effects</i>
-------------	--

Description

This is an expression set consisting of 57 samples drawn from a study of bladder cancer. The samples were collected on different dates which have been used to define 5 batches. These data are used as an example in the sva package vignette.

Usage

bladderEset
